PROFESSIONAL EXPERIENCE

FRONT-END DEVELOPER - FREELANCE + CONSULTANCY SERVICE

AmirArefi.com - Jan 2015 - Present - AU & NZ

I've enjoyed working on various freelance projects for a range of different clients. With each client there's a new and exciting problem to solve. Whether it's building an application, building a website or building an eCommerce Application, I love the variety that freelance work provides and it's always nice to see a happy client at the end of a project.

- Developed front-end HTML/CSS/JavaScript framework
- Developed WordPress websites and applications
- Designed & Developed personal applications
- Social Media Setup & Managements
- SEO Optimisations
- Worked with Product team and managers on new features
- Mobile app design and development
